***CORDLESS SERIES***

# RebarMaster

## Cordless Rebar Tool

Hardened rebar wire - Coil  
**0.80mm**

L100m Dia. 0.80mm

### Features & Benefits

- Save up to 80% in time and labour
- No more RSI
- one hand operation
- Consistent fixing performance
- Safe operation
- No Staff training issues!
- Brushless twisting motor

### Applications

- Foundations
- Floor heating
- Commercial buildings
- Road and Bridge
- Precast plants

### Specifications

Dimensions (mm)	L297 x W109 x H300
Weight(incl. battery)	2.60 kg
Time per tie	0.7 sec
Wraps per tie	2 or 3 wraps
Rebar size	12-40mm
Ties per coil	Approx.160 ties
Ties per charge	Over 5,000 ties/2 wraps Over 4,500 ties/3 wraps
Charging time	90 minutes

# MultiCell® Fuel Cell

## Works in any gas framer

### Framing Fuel Cell

Synthetic Lubricant for Optimum Performance

### Features & Benefits

- MultiCell® covers 99% of gas framers in NZ
- Synthetic lubricant inside the fuel cell to lubricate your nail gun as you use it
- Automatic metering valve to ensure exactly the right amount of gas is released into the tool for optimum performance. (Patent pending)
- Tested to work in freezing conditions – Range -5°C to 49°C
- No more miss firing on those cold mornings
- Approximately 1,250 shots per fuel cell
- Sold at all good building stores and fastener suppliers

### Applications

- Framing
- Trusses
- Subflooring
- J frame
- Decking
- Fencing

### Specifications

Lenth (mm)	165mm
Pressure	12 bars
Net weight	36g

### Gas Pack

### Works in any gas framer

Compatible with leading brands  
ECKO, Paslode, BeA, Power, SENCO, Makita, Hilti
